Week 8 print and bring

Robot showcase

Print for this session

[ ] 5 copies: W08_showcase_Team_Sheet.pdf — 4 team sheets + 1 spare; share one sheet per team.

[ ] 4 copies: W08_showcase_Build_Card.pdf — 1 per team; one page each.

[ ] 14 copies: Final_Check.pdf — 12 individual checks + 2 spares; before coaching.

[ ] 1 copies: Attendance.pdf — 12 rows, one class record.

[ ] 1 copies: W08_showcase_Checklist.pdf — lead packing checklist; optional if checked digitally.

Required student/record sheets: 24 pages. Packing checklist and lead notes are optional. Week 1 also needs 4 role-card sheets and 2 hub-guide sheets. Reuse these later.

Bring the reusable kit

[ ] Use Reusable_Kit.md. Pack 14 pencils, 14 erasers, 4 rulers, 4 team trays/build packs, 4 laptops/chargers, 2 robot kits, 2 timers and tested cables.

This week’s additional supplies

[ ] 4 saved team exhibits and 4 saved, tested team projects.

[ ] 6 sign blanks: 4 teams + 2 spares; 8 card strips for repairs.

[ ] 2 rehearsed demonstration lanes with the needed wall or marker.

Before children arrive

[ ] Open the Week 8 slide PDF/PPTX, speaker notes, complete W08_showcase.py and build references. Save offline copies.

[ ] Run the week’s robot sequence on BOTH bases; confirm intended hub, ports, stop controls and save workflow.

[ ] Confirm any visitors with YMCA staff. Load team projects and inspect lanes before arrival. Use W08_showcase.py only as a clean fallback; normally reopen the team’s week 7 program. No last-minute firmware update. Prepare two mentor examples and four labeled team build packs. Rehearse attachment clearance, a hand test and a quick swap. Show the hub color guide.
